Subject: Report about the funds been received and delivered.

Your Excellency,
Greetings and peace of our Lord Jesus Christ be with you all.

➤ Executive summary:

Here I am very thankful to you and to Non TWINNED CONFERENCES and other conferences whose always support the program costs, with some money (9,460) to keep our activities alive and active. With that, we are always ready to reach the needy, the sick people and the marginalized at large, especial in the jubilee year of mercy, in which we are encouraged to be face of Christ in mercy, by insuring the spiritual and corporal works of mercy.

- Hence, we were capable to address some outstanding issues, which affected the poor. Thus we were also keen to have access to them, by listening to, praying with them, counseling and encouraging them as well as giving both spiritual and material supports to the widows, prisoners, disable, orphans, blind and the old age at large.

However, pastoral ministry and spiritual dimensions, at work effectively in the life of the poor people, unless we are to address properly, their basic interests of concerns, such as food security, health care and shelters.

- Then with an amount that, I had received from the office and from the local contributions (1,500 SDG) the committees were able to responding to the many challenges arising, by assisting the poor by giving, clothing, shoes, food, money, medicine, blankets and plastics sheet.

Thus, below you will get full descriptions how these funds had been delivered.

Money	47
Dura (Flour)	13
Medicine	15
