Registered Charity No. 1053992. Company limited by guarantee: 3174679

The St Vincent de Paul Society

The SVP is a member-based organisation working in parishes and local communities through England and Wales. Befriending people who are lonely and isolated is at the heart of what we do. Last year our nearly 9,000 members made over 301,000 visits to over 38,000 beneficiaries. Our befriending service is complemented by our network of Community Support Projects (CSPs) which reflect the needs of our local communities and include St Vincent's Support Centres, Shops and Supported Accommodation. We also run children's camps and provide holidays for disadvantaged families and children. Christmas brings its own challenges and by supporting this catalogue you will be making life a little easier for many in our communities.

Helping our Beneficiaries

Requests for Help

Our Request for Help team is made up of a small group of both staff and volunteers who work tirelessly to link frontline need to local conferences on a national scale. We help facilitate thousands of requests each year ranging from befriending to appliances. The Request for Help team witnesses firsthand the amazing impact our members are able to make in their local communities but also appreciate the pressures that come with this valuable work. Fundraising for your conference can be difficult, especially in areas of great need and we understand that not all requests can be met for a variety of reasons, however, through signing up your conference to Acts 435, members can use this process to become better equipped for the increasing demand in their local areas.

Acts 435

Acts 435 is an online giving platform directed at churches and local charities. It is a free service where "advocates" who know the genuine needs in their community, post their requests for help onto the Acts 435 website. Once a request is posted it can be met by one donor, or a number of donors giving what they can towards a small gift that can make a big difference. The turnaround is usually a couple of weeks. The maximum grant per application is currently £200 and up to 2 applications can be active at one time.

Register your SVP Conference with Acts 435 by using this link and completing the requested information:
