

"You shall love your neighbour as yourself." Love does no wrong to a neighbour; therefore love is the fulfilling of the law.

- Jesus and St Paul talked about loving our neighbour. They didn't mean the people we live next door to – who do you think they meant?
- Being a member of the Mini Vinnies group means we make a special effort to treat people with love and respect.
- St Vincent de Paul and Blessed Frédéric Ozanam treated people they met with love and respect. How can we follow their example?

- Who do you think is our neighbour? Give some examples from your own community
- Brainstorm some ways that you can love your neighbour as yourself
- Make a poster to put around your school or parish to inspire others

Last week's teacher's notes emphasised the importance of loving ourselves as well as our neighbour. This is evident here in Romans 13: "You shall love your neighbour as yourself" – we should give equal love to ourselves and those around us.

St Vincent de Paul, Bl Frédéric Ozanam and the people who worked with them, followed Christ's example of looking after people society rejected. They lived out this message of treating everyone with love and respect, no matter who they are.
